The Buildings and Grounds Committee is looking for a few good parents who can help work on the elementary playground. Parents are gathering on **Saturday, November 7th at 9am** to work to make the playground a safer place for our kids. Please come help and bring any tools that can be used to tighten bolts and screws.

WEATHER RELATED NOTES:

Providence **does not** follow Fayette County Public Schools Snow Day Closings. We will make every effort to keep the school open on our regularly scheduled time should snow occur. If we have an unusual winter with an abundant amount of ice, similar to last year, we will notify parents of closings via major television and radio stations. Please listen for these closings. We will make decisions early in the morning. Because many of our families commute from surrounding counties, we urge parents to use personal discretion when deciding whether it is safe to transport their children to school.

Please be a Good Neighbor and watch your speed

Providence always tries to be a good neighbor, please always come to a complete **STOP** at all **STOP** signs in our neighborhood. Also, please watch your **speed**. Police patrol the area at sporadic times and tickets are usually written for violations. Thank you!
